# I'm So Excited you are a part of our Mary Kay Family!

Giving families choices is what Mary Kay is all about and my greatest desire is to help YOU design the life of your dreams! We all begin with the same Starter Kit and then we get to choose what success looks like for us, based on our timing and terms. How empowering is that??

I started just like you in 1987 while I was active duty in the Air Force. After just one year, I was able to step away to build my business full-time. My goal from the beginning was to be a 6-figure, work-from-home Mom.

My husband, Tom, has since retired from the Air Force and because of my Mary Kay income, he works with me in our dream home in Tennessee. He takes care of the paper side of the business so I get to invest all of my time coaching leaders like you.

Our daughter, Samantha, who was 18 months old when I started, is now our Unit Manager. You will hear from her soon so she can walk you through the digital side of the business. So fun to have a family business.

You are joining one of the top ranked Units in the U.S. that has sold over 20 Million dollars of product since 1987. You are also a part of our Dream Team National Area, which is currently Top 50 in the nation. Together, we have sold over 60 Million dollars of product! That's blessing a lot of clients with this powerhouse product!!

You are an important part of our Mary Kay family, regardless of your activity. I am honored to be partnering with you to step you into the life of your dreams!! Let the journey begin today...let's write your success story and make it a masterpiece!

## Your #1 Fan!

# TOP 3 QUESTIONS Asked About Ordering Products

Have **3 auests** ask us 3 questions after

#### What would I order?

We use the Create-a-RollUp Sheet (page 5) as the backbone for every initial order. Experience has shown us the products you wear and show are the products you sell. We order several of the most popular items instead of a "one of everything" concept. This allows you to have enough products to create that "WOW! Delivery On-The-Spot Client Experience" even when everyone orders the same color or type of product.

#### Where would I keep it?

We take our product with us to appointments, so we teach you how to pack for easy loading and unloading. You can keep some products on a small shelf if you choose, however we want you to have the majority of your products in your car to create that "WOW! Delivery On The Spot Client Experience".

#### I'd like to hold some appointments and see what people will order. Can I order at a later time?

This is an option for all consultants; however keep in mind the experience you create on that first appointment is how you are "branded" in her mind. If she must wait 7-10 days on her products, she is less likely to think of you when she runs out of product, refer you to a friend or share a beauty experience with her girlfriends. This is why the company offers the most robust Great Start product bundles on your first order. Think of it this way... you find a Boutique you like and want to purchase a dress. You are told the dress will have to be ordered, full payment is required, and the dress will be available in a week to ten days! You could lose some of your enthusiasm, right? In fact, you might go to another store!

## ADVANTAGES OF ORDERING PRODUCTS

- 1. You will sell more because **women buy impulsively** and will delight in being able to take the product home and use it immediately.
- 2. When your client takes it home immediately, she remembers how to use the product and will not change her mind as she might if you come back two weeks later to deliver her order.
- 3. It is a time-saver for you. While you were making deliveries, you could have been doing another Beauty Experience!
- 4. It can be very **challenging to get customers to pay up-front** for their product if a large and varied inventory is not available.
- 5. You can put product out on trial: Not only is it great for busy customers, it is crucial when finding the right fit for a skin care program. Just let her use the product for one week and at the end of the week, she can purchase it or return it to you. You can take the open bottles and use them yourself or use them as demonstration items.
- 6. You will always have product on hand for making and marketing your gift giving services (baskets)
- 7. You will have the product on hand so that you can provide "Creative Financing' for your customers. Sometimes you need to offer split payment arrangements but want them to take their product home.
- 8. One of the most important reasons to carry inventory on hand involves our role as a Beauty Consultant. Our #1 priority is customer satisfaction, and not only does carrying product ensure efficient and prompt customer service with initial delivery, it allows you to immediately carry out an exchange when necessary. For example, should a formula or shade not be quite right in the initial purchase, you are able to swap out what's not working for a better suited product in your inventory right away. This ensures there won't be a disruption in the rest of her beauty routine!

Keep in mind...

there is a 90% repurchase option within your first year because Mary Kay is a member of the Direct Selling Association. So, there is very little financial risk involved in setting up for a "WOW! Delivery On The Spot Client Experience".

#### **HELPFUL TIPS**

- Do ALL applications in one day to avoid credit hits for inquiries showing up while you are searching for funding.
- Use your gross (before taxes) household income when applying.
- Recommend using a "Mary Kay Only" card and not using it again after your first order.
- Use your Mary Kay account debit card for reorders based on sales.
- Training is available to teach you how to pay your card/ loan off with weekly payments.
